

Ready to explore
new horizons

TERRAVISTA

Two-row barley

TERRAVISTA

CROP AREA

► Ready to explore new horizons

- High-yielding two-row feed variety
- Mid-late to mid-early maturing barley
- Excellent winter hardiness
- Excellent overall disease resistance (lower yield difference treated / untreated in the series at listing)

Breeder	Lemaire Deffontaines
Listing	France, october 2019
Origin	Metaxa x Casanova
Breedercode	LD 2-12

CHARACTERISTICS

Alternativity: 1/2 alternative (6)	●●●●●●
Earliness: mid-late to mid-early (6,5)	●●●●●●
Straw height: medium (4.5)	●●●●●●
Lodging resistance: medium (6)	●●●●●●
Winter hardiness: medium to medium high (7)	●●●●●●

DISEASES

Mildew: medium high (7)	●●●●●●
Leaf rust: medium high (7)	●●●●●●
Rhynchosporium: medium (6)	●●●●●●
Net blotch: medium (6)	●●●●●●
Ramularia leaf: medium	

YIELD DEVELOPEMENT

Tillering: medium-high
Ear Fertility: medium-high
TKW: medium-high

Productivity

- Good yield potential :
 - 102.5 % of controls at listing.

102.5 % of controls

NL	Untreated	Treated
2018	105.8	102.1
2019	103.0	99.6
average	102.54	

French national listing results in % of controls :
 2018 Treated : Maltesse+Augusta /2
 2018 Untreated : Augusta + KWS Cassia /2
 2019 Treated : Memento + Maltesse /2
 2019 Untreated : Memento + KWS Cassia /2

Quality

- Feed winter barley with high grain quality characteristics
- Medium-high protein content
- High specific weight
- Good straw quality

The information provided in this document are indicative purposes only and may vary, depending on agricultural conditions, climate and growing methods. The disease resistance concerns diseases and stem currently known and studied in France. May 2020
